1. Applicant's election of Group II in Paper No. 12 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 195-200, 209-216, 218-223, 226-227, 229-230, 232, 233-346 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. (New Rejection)

Claim 339 is indefinite because it depends on a claim not of record.

In each of claims 195-200, 233, 272, 310, applicant has claimed an "MEA". These claims are unclear because it is not known what this abbreviation makes reference to.

Claims 209-216, 218-232; 234-271; 273-309; 311-338; dependent on claims 195, 233, 272 and 310, respectively, fall therewith.

Each of claims 340-346 are indefinite because the same do not further limit a previous claim. These claims recite a membrane electrode assembly, which limitation is present in each of the claims to which these claims depend.

4. The following is an examiner's statement of reasons for allowance: none of the prior art of record teaches the claimed fuel cell electrode including a support having a deposit thereon wherein the deposit comprises a catalytically effective load of an electrocatalyst and wherein the electrocatalyst includes rod-shaped structures.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Applicant's amendment necessitated the new grounds of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to John S. Maples whose telephone number is 703-308-1795. The examiner can normally be reached on Monday-Thursday and on alternate Fridays.
